White Knight Resources, Inc. Launches Gulf Coast Focused Operations

LOUISIANA, LAFAYETTE – 18 March 2013 – White Knight Resources, LLC, is a private, independent oil and gas company headquartered in Lafayette, Louisiana with its satellite office in Houston, Texas, which formed on February 1, 2013. White Knight will acquire and operate fields with existing production with plans to extend field development through drilling, workovers and enhanced field operating efficiency. White Knight's strategic area focus is primarily Gulf Coast United States based, targeting conventional oil located onshore or inland water.

The executive team of White Knight brings more than 140 collective years of oil and gas experience, employing complementary skills in acquisitions, operations and field development to the business approach. Jerry Wenzel is the Chief Executive Officer and was most recently with Stone Energy as Executive Vice President of Operations. Mr. Wenzel has extensive experience launching and managing a variety of business initiatives with Stone as well as Intec, BP and Amoco. John Pantaleo, is President, and was also previously with Stone Energy as Vice President of the Gulf of Mexico Division. Mr. Pantaleo has expansive industry knowledge from his strong career with companies like ENI, BP and Amoco. Carl Hammond, is Chief Operating Officer and has consummate expertise in Gulf Coast operations. Dave Knox, is Chief Financial Officer and leads the Acquisitions and Divestitures for White Knight along with managing capital market access and financial controls. Both Knox and Hammond have experience with consulting firms, majors and independent operators.

White Knight is presently conducting investor roadshow tours and is reviewing several potential acquisition opportunities. For further information please contact Dave Knox at (713) 870-5622 or via email at knoxdr@whiteknightresources.com

About White Knight Resources, Inc.
